FIRE DAMAGES HOUSE NEAR YORK SPRINGS

Fire caused \$2,000 damage this morning about 10 o'clock at the home of Mr. and Mrs. Charles D. Reinecker, York Springs R. 2.

Mrs. Reinecker noted the odor of smoke in the house and discovered fire in a washhouse adjoining the south side of the home, a mile south of York Springs on the Hanover-Carlisle pike.

York Springs firemen were summoned and shortly after their arrival discovered that a fire had also started in a second floor bedroom above the area of the washhouse. After that blaze was extinguished, it was determined that a window blind apparently had caught fire from the heat of the blaze in the washhouse and dropped onto a bed, setting the bed and mattress on fire.

The blaze, in addition to destroying the washhouse, burned a 20 by 20-foot area of the weatherboarding of the house, charring through into the rooms inside. However the fire was extinguished before flames burned through the siding.

Firemen said they believe defective wiring in the washhouse caused the fire.

\$1,000 BLAZE AT ESSEX WIRE

Fire in an overheated oven caused damage "in excess of \$1,000" at the magnetic windings division of the Essex Wire Corporation plant at Quarry Park this morning at 1:50 o'clock.

The estimate of damage given by officials of the local plant was described by them "as a guess pending the arrival of outside services which can tell us how much damage may have been done to the electrical controls on the oven."

Transformers placed in the oven to bake overnight were destroyed by the blaze. It was believed a thermostat may have failed permitting the oven to continue heating until the transformers burst into flames.

Officials at the plant credited "the quick action of the night janitor, George Thrush, in noting the fire and calling the firemen and the quick response of the Gettysburg Fire Department" with "preventing much greater loss that would have occurred had the fire had time to spread from the oven area."

Young Father Murders His Wife Because He Had Urge

NORRISTOWN, Pa. (AP) — Police quote William J. Decker, 27, a mechanic, as saying he bludgeoned his wife to death only because he had an urge to harm her.

Officers said Decker, of Hatfield, drove around aimlessly for nine hours with his 3-year-old son Tuesday before he told a priest in Delaware County he had beaten his wife, Janice Decker, 24, to death and stuffed her blood-covered body in the trunk of his car.

Decker told the Rev. John McDermott of the Holy Saviour Church in Linwood that he wanted to surrender. Father McDermott called the police.

HEAD IS SMASHED

Mrs. Decker's body, clad in pajama tops, was found in the trunk of Decker's car. The back of her head had been smashed.

Decker, a truck mechanic for the Martin Century Farms, Lansdale, was quoted by Delaware County detectives in Media as saying he struck his wife repeatedly—"I do not know how many times"—with a blunt instrument

while she was asleep in their home.

Decker added that he had had similar urges before and had beat his wife with his hands, police said.

They related that Decker put the body in his car, took his boy and the cat and left his home. He said he cashed a check for \$100 in a Hatfield store.

PLANNED FLORIDA TRIP

Decker said he was near Dover, Del., when he decided to tell his story to a clergyman. He added that he had thought of driving to Florida.

Police found a pistol, a revolver, ammunition and a shovel in the car. In front seat was a half-filled bottle of milk, and chocolate wrappers were scattered around. Luggage, blankets and clothes had been tossed in the back seat.

An autopsy performed in Linwood showed that Mrs. Decker had died of a fractured skull.

Decker was brought to Norristown after being questioned by Delaware County officials and held in the slaying.

Gas Company May Give Refund

Manufacturers Light and Heat may refund \$2,328,702. It will mean about \$1.50 to \$2 for each residential consumer, Julian Estep, local gas company manager, said today.

HARRISBURG (AP) — Pennsylvania natural gas consumers stand to gain \$10 million in refunds and \$4 million in rate reductions, the Public Utility Commission reports, under an agreement between the PUC and the Texas Eastern Transmission Corp.

The PUC said Tuesday its agreement with the Shreveport, La., wholesale gas supplier on the refunds is subject to approval of the Federal Power Commission.

Texas Eastern is a major pipeline supplier to Pennsylvania natural gas utilities.

Under the proposal Texas Eastern would trim by half two rate increases it has put into effect since 1957. The PUC said the agreement would give the firm an estimated six per cent return on its capital investment.

CHAIRMANSHIP OF AMBULANCE BD. TO ROTATE

With four members each serving four year terms, the ambulance board of the Gettysburg Fire Department, meeting Tuesday evening at the engine house, decided to rotate the chairmanship each year so that each member would serve as chairman once during his term.

G. Henry Roth was designated as chairman for 1961 with Julius Swope listed as chairman for 1962. Daniel Miller completes a term in the office as midnight December 31. Glenn Weishaar was chairman in 1959. The fifth member of the board is the president of the fire department, who can hold no ambulance board office.

Weishaar, who had served as secretary-treasurer during the current year, was re-elected to that post for 1961.

PLAN TRAINING SESSIONS

Preliminary plans were discussed for a training schedule for new and old members of the corps during 1961. Final details of those plans are to be completed prior to January 11, when the proposal is to be announced at the general fire company meeting. According to the discussion at Tuesday night's meeting, the board is considering a series of training sessions throughout the year to familiarize the corps members in all phases of their work with the ambulance and in rescue work.

Secretary-Treasurer Weishaar reported payment of a \$145 bill for renovation of a plastic lung used in connection with ambulance and rescue work. The lung was reported in "as good a shape as when it was new."

The report showed the ambulance checking account ending the year "with all bills paid up to date and a \$660 balance."

The new secretary of the Navy was campaign manager this year for Lyndon Johnson in his bid for the Democratic presidential nomination.

Connally — a distant relative of former U.S. Senator Tom Connally, Texas Democrat — served as Johnson's administrative assistant when Johnson was first elected to the House in 1939. When Johnson moved to the Senate in 1949, Connally again was administrative assistant.

Connally joined the Navy in 1941 as an ensign. He was assigned first to the office of Secretary of the Navy James Forrestal and later to combat duty in the Pacific. He was discharged as a lieutenant commander in 1946 after being awarded the Bronze Star and the Legion of Merit.

TEXAS LAW DEGREE

Connally received his law degree from the University of Texas in 1941, and was admitted to the Texas bar at the age of 21.

Kennedy is continuing to divide his time between relaxation and preparation for taking over the reins of government Jan. 20. His only announced engagement today is with officials of a New York firm which has turned out an educational documentary film on the White House.

YOUTH SELLING XMAS TREES IS SLAIN FOR .50

NEW YORK (AP)—Robert Guittari, 14, Christmas tree delivery boy murdered Friday night, was stabbed by a neighborhood bully trying to extort money from him, police say.

Acting Chief of Detectives Francis Robb said Edward Vogt, 17, a slender, good-looking youth with a crop of brown hair worn in a luxurious pompadour, admitted the killing Tuesday.

Vogt told police he stabbed Guittari with a nine-inch hunting knife after the boy refused his demand, "Give me all your money."

HAD TWO QUARTERS

Young Guittari had only two quarters in his pocket, tips from Christmas tree deliveries.

Police said Vogt told them he had been selling Christmas trees in the upper West Side when he saw Guittari "lugging a big tree." He said he thought the boy would "be an easy touch," and followed him into the building, offering to help carry the tree.

By Vogt's account, as reported by police, the two went up in an elevator to the sixth floor. There Vogt demanded the boy's money.

Vogt said he pulled out a hunting knife. Guittari tried to run, but Vogt grabbed him and stabbed him repeatedly in the back.

FORGOT 50 CENTS

Vogt then ran to the roof—without taking the 50 cents from the boy's pocket—and made his way across the roof tops to his own apartment building.

Robb said Vogt was arrested because of complaints from many boys in the neighborhood that he had been extorting money from them by threats.

Vogt has a lengthy police record that includes conviction in 1958 for molesting a 12-year-old girl, and charges of mugging, petty and grand larceny.

3 BOMBINGS, WRECK INJURE SIXTY IN CUBA

HAVANA (AP)—More than 60 persons were injured Tuesday in bold daylight bombings and a train wreck blamed on saboteurs trying to undermine Prime Minister Fidel Castro's regime.

Bombs exploded in two stores and a main power station in Havana. Fourteen persons were injured, mostly by flying glass, in one of the stores.

A Camaguey-Havana passenger train collided with another train at a crossing in Camaguey Province, injuring more than 50 persons. Officials blamed counter-revolutionaries.

5 CHILDREN HURT

Following the bombings, Castro militiamen, police and bystanders marched to Havana's central park shouting, "Saboteurs to the execution wall."

A collection was taken to aid the injured, who included five children.

All the injured were victims of a bomb that exploded in a women's rest room adjoining a crowded cafeteria in the Fogar store, which the government expropriated from private Cuban interests.

A second bomb exploded in a small variety store in Havana's shopping district. No injuries were reported.

Another bomb went off in the power station in Tallapiedra, in east Havana. Damage was slight and no one was hurt.

Reliable sources said the power station was evacuated and that two more bombs were found after a two-hour search.

Night bombings by anti-Castro elements have been frequent in recent weeks, but the daylight blasts were a new development in the mounting strife.

NEW YORK (AP)—Stocks made small upward progress in active dealings today.

There was a good deal of switching from group to group selling for year-end tax purposes. It all made for a confused and indefinite market.

An interesting development was a flurry around noon in rail shares, which have been laggards for a long, long time. The depressed Eastern roads led this short-lived flurry.

PEARL BUCK TO MAKE MOVIE ON 'THE BIG WAVE'

By BOB THOMAS
AP Movie-TV Writer
HOLLYWOOD (AP) — Having done virtually every kind of writing, Nobel Prize-winner Pearl Buck at 68 has now tried her hand at producing a movie.

She likes it.

The distinguished author was here to show the product to Allied Artists executives. They liked it, too.

The movie is "The Big Wave," and it developed from one of Miss Buck's shorter works for children.

WROTE DURING WAR

"I wrote it during the war when there was so much fear of death among children," she said. "I remembered villages in Japan where the people lived between earthquakes and tidal waves, where death was a constant companion yet the people remained light-hearted and even gay."

The inception of the movie project came when she adapted "The Big Wave" for an hour TV show. The director was Tad Danielewski, who thought the tale could be expanded and shot as a film in the Japanese locale. Miss Buck agreed.

"I had sold three of my books to movies—"The Good Earth," "Dragon Seed" and "China Sky," she recalled. "They have a peculiar system in Hollywood; they won't let the author have anything to do with the film. I didn't like some of the things that were done, and so I decided to sell no more of my books until I could have some control over the filming."

ASSISTED WITH FILM

She went to Japan and co-produced with Danielewski, who directed. She assisted in all aspects of the film, which was financed by Allied Artists and Japan's Toho Co. Touchy problem was the filming of women pearl divers, who customarily swim only in G-strings.

"We solved the problem by shooting them two ways: covered for the American market and uncovered for the rest of the world," Miss Buck said. "It seems rather silly to me, coming from that part of the world where such things aren't important. But attitudes are different in this country, and I don't want to offend anyone."

"SCIENTISTS" MAN OF YEAR

NEW YORK (AP)—Time magazine's "Man of the Year" for 1960 is plural: America's scientists.

Time said the work of the scientists in 1960 "shapes the life of every human presently inhabiting the planet, and will influence the destiny of generations to come."

The magazine selected 15 scientists to epitomize the work of all. They were:

Robert Woodward, Harvard Nobel Prize-winner; Charles Stark Draper, aeronautics and astronautics teacher at Massachusetts Institute of Technology; William Shockley, Nobel Prize-winner and one of the creators of the transistor; Emilio Segre, Nobel Prize-winner and nuclear physicist.

John F. Enders, who works with polio viruses; Charles Townes, microwave specialist; George W. Beadle, head of the California Institute of Technology biology department; James Van Allen, a leader in exploration of radiation in space; Edward Purcell, Nobel Prize-winner for "nuclear resonance" work; Edward Teller, major developer of the H-bomb; Willard Libby, Nobel Prize-winner for radioactive carbon dating work; Isidor I. Rabi, Nobel Prize-winner in molecular physics; Linus Pauling, Nobel Prize-winner for work on atoms; Joshua Lederberg, Nobel Prize-winner for work with bacteria; and Donald Glaser, Nobel Prize-winner for inventing a method of photographing atomic particles.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
TWENTY-FIVE YEARS AGO

Stricken On Mercy Errand In Automobile: Stricken by a heart attack while driving a neighbor to the office of a York Springs physician, Harry R. Toomey, 61, of Latimore township, York Springs R. 1, died at the wheel of his automobile at 1 o'clock Friday afternoon.

Mr. Toomey was taking Mrs. Grant Kemper, a neighbor, to the office of Dr. Donald Stoner, York Springs, when he was stricken. Mr. Kemper, who was riding with the driver, stopped the car after Toomey collapsed.

The stricken man was taken into the home of a neighbor, where he lived about 10 minutes. Dr. Donald Stoner was summoned, but death ensued before the physician arrived. Dr. Edgar A. Miller, Adams county coroner, who was summoned, signed the death certificate, attributing death to a cardiac failure.

Yellow Stripes To Guide State Auto Motorists: Narrow stripes of yellow—carefully painted in the center of the road—are lending motorists a helping hand in navigating Pennsylvania highways when they thread their way over mountains fog-capped by King Winter.

Warren VanDyke, secretary of highways, today announced completion of this marking, authorized recently as an added safety measure, on more than 100 miles of highways in the state.

Calvin Gilbert In 38th Year Of Office: F. Mark Bream, Carlisle street, is another Gettysburg mail carrier who has completed 34 years of service in the post office department.

Mr. Bream, like Norton C. Miller, entered the postal service on December 1, 1901. He started as a carrier but later entered the office as clerk. Disliking office work Mr. Bream secured his transfer to a carrier where he has served ever since. In point of actual carrier service Mr. Miller is the oldest in the local office. In point of service, he and Mr. Bream have the same number of years to their credit.

Calvin Gilbert, Hanover street, mail order clerk is the oldest employee in the local office in point of service.

Sunday Snow Responsible For Crashes: Sunday's snowfall was held responsible for at least two automobile accidents in Adams county. Four cars in the two crashes were damaged, but none of the occupants were injured.

Sedans driven by Rev. E. J. Croft, 62, York Springs Methodist Episcopal minister, and Clarence Harclerode, 32, of Carlisle, side-swiped on the York Springs-Ida-ville highway three miles from the former place, at 3 o'clock Sunday afternoon.

Commissioners Are Proud Of 4 Years' Work: Completing their four-year term in office, the Adams county commissioners—H. A. Parr, H. B. Geiselman and S. Luther Baltzley—pointed today to some of their outstanding accomplishments since they took office in January, 1952.

At the head of the list, the retiring board placed the refunding of \$185,000 worth of outstanding county bonds. This refinancing operation, which took place during the early fall, reduced the county's bonded indebtedness by \$35,000, and gave the county a much more favorable interest rate on its outstanding obligations.

1936 To Make Debut As 1935 Leaves World: Nineteen hundred and thirty-five is fading into history and nineteen hundred and thirty-six, roaring upwards at a terrific pace, is approaching its starting mark—the stroke of midnight December 31.

Norm Halberstadt, a junior on the Virginia Military Institute quintet, comes from Brooklyn, N. Y. Last season he led the Keydets in scoring the 372 points in 20 games.

Today's Talk

FILLING IN THE GAPS

It is right that each one of us should try to be as complete as possible.

We are creatures of habit. Because we are often careless about our conduct there are gaps here and there, and spaces in life that ought to be filled with useful ideas.

I sometimes think of these gaps as character gaps. Much in life is influenced by them and when they are not filled, and put to a useful purpose, they become stumbling blocks that often trip us up in some tragic manner.

Watch these tricky gaps. As is often said, "Watch your step!" Don't let someone else watch your steps. Watch your own, and keep them solidly on the ground. All decisions will then be easier to make.

Nothing in life is usually as difficult as it is pictured to be! Many a thinker will wish to further his education to fill up his vacant character gaps. He will be inspired as he notes his growth of mind and his many interests. Man "doth not live by bread only."

Grandma Moses returned to her painting after many years away from it, and then accomplished greater work than ever. She even thought that living to the age of 100 was merely routine!

How inspiring for the lesser lights in life!

Just Folks

NEW YEAR 1961

For joys unearned we do not ask;

We do not seek from time a favor;

Lord, give us strength for every task

And for the New Year make us braver.

In us let betterment be wrought;

We do not pray for pleasures cheaper;

Teach us to labor as we ought;

Teach us to think a little deeper.

Since months and years unchanged must be,

Nor days be shorter made, or longer,

Grant us this New Year's hope that we

In time of trial may be stronger.

Increase our courage; faith restore;

Make us to faults in others blinder;

Throughout the year which lies before

Let us be just a little kinder.

Lord, if the New Year is to be

A happier one than that just ended

Grant us the vision now to see

'Tis us, not time, which must be mended.

The couple was presented with flowers, cards and gifts by their children, grandchildren and great-grandchildren. Altar flowers were placed in the Mt. Olivet Reformed Church of which both have been very active members for years. Their sons and wives presented them with a Christmas money tree. Refreshments were served to many friends and relatives.

The Gleaners Class held its postponed Christmas party in the Trinity Lutheran Church annex Thursday evening with 14 members present. An accordion quartet, Kenneth Hoke, Wayne Smith, Vickie Byers and Mary Shaberly, played Christmas music. Louise Eisenhart gave a Christmas reading. Gifts were exchanged and the teacher, Luther Smith, was presented a gift. Refreshments were served by Iva Gentzler, Mrs. Luther Smith and Mrs. Norman Wolf.

"OUR GREATEST BLESSING"

The greatest blessing man can have . . . is love in all its glory . . . for love can put a happy ending . . . to the saddest story . . . it's wonderful to love someone . . . and be loved in return . . . love is a tonic for the soul . . . a comfort when we yearn . . . they say it makes the world go round . . . and this is more than true . . . with love deep down inside our hearts . . . we gain a brighter view . . . but it is well to keep in mind . . . love also makes us cry . . . and yet for each and every tear . . . a thousand smiles reply . . . some people never find it . . . and this is sad indeed . . . of all the blessings in this life . . . love is our greatest need.

"There's Mary Martin and Ethel Merman, of course. And, whether you like him or not, there's Frank Sinatra. And Elizabeth Taylor, who is getting a million dollars for one motion picture and who hasn't made a movie that hasn't been a financial success, who is as close to a real film star as you can get."

PACE OF WORLD

Hayward believes that the current shortage of stars is due partly to the "acceleration of pace of the whole world," and partly because in television both networks and sponsors don't really give a performer a chance to show his stuff.

Hayward currently is working on "The Gershwin Years," a 90-minute CBS special for Jan. 15. He believes that it can achieve one of those gigantic ratings with the help of one of his star choices, Miss Merman, the star quality of the music of George Gershwin plus the fascinating era in which Gershwin lived—those pre-depression years.

Hayward recently has hooked up with a pay-TV outfit, archnemesis of the networks, as a consultant.

SHOULD WORK

"The problem is to prove that pay-TV will work," he confesses. "And if it is to work, it will have to go in a different direction from commercial broadcasting. I don't think it should even try for programs which would get enormous audiences, but should concentrate on really special things."

Among the "special things" Hayward has in mind are good plays, well produced, and repeated several times, and top drawer, first-run motion pictures.

RELEASED FOR CHRISTMAS, HE STABS HIS WIFE

ATLANTIC CITY, N.J. (AP)—Ralph Hudson, a 41-year-old Camden shipyard worker, faced arraignment today for murder in the fatal stabbing of his wife in the restaurant where she worked.

Witnesses said an employee subdued Hudson in Starns Restaurant Tuesday after he stabbed his estranged wife, Mrs. Myrtle Hudson, 49, in the abdomen with a kitchen knife.

She was pronounced dead on arrival at Atlantic City Hospital.

HAS POLICE RECORD

Hudson was a native of Coatesville, Pa., and had lived in Pottstown, Pa., for 22 years. He left Pottstown three years ago but frequently visited his mother, stepfather and three children who lived there.

Police in Pottstown said that from 1947 through 1957 he was arrested seven times on charges of drunken and disorderly conduct. There were about 15 persons in the restaurant when Hudson, a former employee, entered. His wife was seated at a table with other waitresses when he grabbed a knife and shouted:

"Nobody is going to doublecross a Hudson."

OUT OF JAIL SATURDAY

After the stabbing, an employee kept Hudson still by holding a chair until police came and arrested him.

Detective Capt. Milton Popowsky said Hudson was released from Atlantic County Jail only last Saturday after serving a sentence for assault and battery. The assault and battery charge on which he was sentenced last Aug. 30 was brought by Mr. and Mrs. Edward Lighizer, of Brigantine, with whom Mrs. Hudson had been living.

Hudson had been sentenced to six months but was let out for Christmas.

Xmas Continues For Arkansas Farm Girl

VIOLA, Ark. (AP)—Christmas lasted several days this year for Coleta Burns, 11, the Arkansas farm girl who wrote New York City police asking if Santa Claus had died.

Coleta and her six brothers and sisters have gotten a piano, an estimated 250 cards and letters and enough packages "to fill a pickup truck" postmaster Jim Felts reported Tuesday.

Coleta's father, Carney Burns, a Northstar, a espionage story with Barry Sullivan and Mona Freeman.

Find 8 Who Were Believed Kidnapped

GALLATIN, Tenn. (AP)—A search for eight persons, first believed kidnapped in Kentucky, ended in a motel room where two of them were arrested on grand larceny charges.

Police also picked up a mother and her five children Tuesday and said their disappearance apparently stemmed from a family dispute.

Laura Wilson said William Brannin and his wife led her to believe they were en route to her husband's home in North Carolina. She denied any knowledge of the \$300 robbery of her mother's restaurant at Munfordville, Ky.

The Brannins, who operated a service station adjacent to the restaurant, were being held for Kentucky authorities.

3 VEHICLES TUMBLE OFF 50-FOOT BANK

BRYSAN CITY, N.C. (AP)—A car, a truck and a car slid in succession over a 50-foot bank near here, each landing on the vehicle preceding it. Three persons were injured.

The freak accidents Monday were caused by ice on a portion of U.S. 19 through the western North Carolina mountains.

State highway patrolman T. A. Sandlin said Mrs. Ora Watson Morrow, 49, of Franklin was the first driver to go over the precipice.

LAUDS ON WOMAN
While Odell and Homer Grant, passersby, were helping her up the bank from the wreckage, a truck driven by Homer J. Passmore, 57, of Nanthala, skidded over the bank, striking the three persons and landing on Mrs. Morrow's car.

Before the victims had time to move, another car, driven by Emory Bowman, 26, of Lakeland, Fla., piled on top of the truck.

is a farmer and part-time carpenter. The family lives about five miles from this Arkansas village, eight miles from the Missouri border.

KENNEDY TO USE TV FOR CONFERENCES

PALM BEACH, Fla. (AP)—John F. Kennedy will do some trail blazing at his news conferences as president. Some of them will be carried live during evening hours on nationwide television and radio.

Kennedy's press secretary, Pierre Salinger, announced this decision—under consideration for several weeks—Tuesday night after a meeting with representatives of the major TV and radio networks. Salinger reported network officials very receptive to the plan for live broadcasts.

LIVE TV AND RADIO

President Eisenhower's question and answer sessions with reporters have been taped for later use on TV and radio. But only one of his conferences has been carried live—a session at the Republican National Convention in San Francisco in 1956.

Salinger told newsmen it is likely Kennedy's first news conference after he takes office Jan. 20 will be on live TV and radio. He also said news conferences will be held "more often than they have been in the past eight years."

Sons Graduate Same Day In June

CINCINNATI, Ohio (AP)—If you had two sons graduating the same day next June from different service academies, which ceremony would you attend?

That's the problem facing Mrs. Keith Stackhouse of Norwood.

She said the Air Force Association wants to help her make up her mind at an association party by giving her a round-trip ticket to Colorado for graduation of her son William, 22, from the U.S. Air Force Academy.

But the other son, Charles, 20, is graduating the same day from the U.S. Naval Academy at Annapolis.

Mrs. Stackhouse, a widow who works as a nurse, said she's not much interested in the gift ticket. "I would be unhappy inside. I wouldn't feel right," she said. "I won't see either one if I can't see both."

Kennedy's Election Sweep Of Pennsylvania Called Top '60 Story; Road Safety Next

By LOUIS UCHITELLE
PHILADELPHIA AP) — The year got off to a headline-making start in Pennsylvania. Five of the top 10 Pennsylvania stories of 1960 selected in the annual Associated Press poll broke in January or February.

A July-to-November story, however, got the No. 1 spot in the balloting by newspapers, and radio and television stations. It was the John F. Kennedy's election sweep of Pennsylvania, a state essential for national victory.

The editors decided that Gov. David L. Lawrence's February announcement of a 13-point highway safety program was the second best story of the year.

PIRATES PLACE THIRD

They selected these other stories to round out the top 10 list:

3. Pittsburgh Pirates win pennant and World Series in October.
4. Pennsylvania Railroad is shut down by a September strike.
5. The steel strike become history after terms of a contract are agreed upon January.
6. February snow storm shuts 10 miles on Pennsylvania Turnpike.

ELMO SMITH CASE

7. Daniel Raymond kills four, wounds five in wild shooting near Uniontown in February.

8. Pennsylvania census shows population increase when figures are released in November.

9. First annual session of the legislature lasts from January until mid-November.

10. A tie between two stories: The January arrest of Elmo Smith for the slaying of Maryann Mitchell, and his trial later; and the Knox Coal Co. labor bribery and involuntary manslaughter trials, in June and July.

BIG STORIES EARLY

The year opened with two of these top stories developing together.

The United Steelworkers Union and the basic steel producers signed a 30-month contract on Jan. 4 thus ending a dispute that included a 11-day strike. The strike affected the nation's entire economy, but it centered on Pennsylvania's vast steel industry. It was some time before its effects began to wear off.

On the afternoon the contract was signed, a man named Elmo Smith was arrested in Bridgeport, Montgomery County, his home town. He was charged with the murder of 16-year-old Maryann Mitchell, a Philadelphia school girl whose body had been found in a roadside gully a few days before. She had been sexually abused and bludgeoned to death. Lipstick markings had been scrawled on her stomach.

GOVERNOR'S PLAN

Later in the year, Smith was convicted of first degree murder

and sentenced to die in the electric chair.

Gov. Lawrence announced his 13-point highway safety program on Feb. 2 its major feature is a plan requiring physical examinations of every motorist. These would take place once every 10 years until a driver is 0, and every five years thereafter. By the end of the year the physical examinations had begun.

Snow came in the middle of the month. A storm and high winds left drifts that were difficult to remove. As a result 160 miles of the Pennsylvania Turnpike, which had not yet shaken off the effects of an earlier storm, were shut down for 36 hours. The closed section was between Irwin and Carlisle. Thousands of travelers were stranded in turnpike restaurants and elsewhere.

UNIONTOWN SHOOTINGS

A few days later, on Feb. 24, newspapers blazed the story of Daniel Raymond, 42, of rural Chalk Hill, near Uniontown. Raymond asked two highway employees to spread cinders on his driveway. He shot and killed one and killed three more people who came by. Five persons were wounded. Finally, Raymond was shot by state police who approached his barricaded home behind an Army tank.

Two of the top 10 stories dragged on from January into November. They were the census and the first annual session of the legislature.

It was Nov. 30 when the census people announced that Pennsylvania's population was 11,319,366, an increase of 821,354 people or 7.8 per cent since the 1950 count of 10,498,012.

LON SESSION

Annual instead of biennial sessions of the legislature were authorized by a constitutional amendment given final approval last year. The amendment said sessions in even numbered years could consider only money matters. But most money matters through 1960 were handled by the

1959 legislature before the amendment was passed.

Nevertheless, because of disagreements the legislature stayed in session until Nov. 14, although much of the time it was in recess. Only three bills were passed.

June, the first summer month, saw the trial of August J. Lippi, 59, of Exeter, in U. S. District Court at Wilmington, Del. He was convicted of violating the Taft-Hartley Act by accepting about \$8,000 from Knox Coal Co. officials. The money was given to keep labor peace among the coal mining company's employees.

Lippi is president of United Mine Workers District 1, which represents 10,000 miners in northeastern Pennsylvania, including the Knox employees.

The following month, Lippi and the president of Knox were convicted in Northampton County Court of involuntary manslaughter. Both men and a third defendant, a former president of Knox, also were convicted of conspiracy.

Both trials stemmed from a 1959 disaster at the Knox mine in Port Griffith. The Susquehanna river broke through its bed and flooded a mine tunnel running under the river. Twelve miners were killed and miles of interconnecting tunnels were flooded, putting many thousands of miners out of work.

PRACTICE OF "FAST DRAW" HURTS MANY

By THE ASSOCIATED PRESS

A bath soon after surgery, adult histories of childhood ulcers, and the Dodge City Syndrome are topics this week of Focus on Health.

DODGE CITY SYNDROME

Television westerns have added at least one more hazard to modern life, the American Medical Association reports.

More and more young men are turning up with gunshot wounds in the leg and foot, accidentally self-inflicted while practicing the fast draw. The typical case of the fast draw syndrome is the young man "too slow on the draw and too fast with his trigger finger."

What happens to the adult who

ger." Doctors also call it the "Dodge City Syndrome." They point out that gun clubs have sprouted across the nation, dedicated to the fast draw. TV programs should go further with realism and show the maiming and invalidism as a warning to those who think violence is good, clean sport, the A.M.A. adds.

To get patients back to normal soon after surgery, doctors are now working at leaving wounds unbandaged and letting patients take baths and showers as soon as the day after their operations. In a test of 100 patients, aged 2 to 78, handled in this way after surgery, St. Louis doctors find no adverse effects on the healing of clean, well-closed wounds.

Nurses aided patients in their first post-operative baths. No attempt was made to keep soap and water from the wound. Drying the wound was accomplished by blotting with a towel.

FOR PARENTS

A doctor's advice to parents perplexed by how to deal with their teen-age offspring:

Don't ridicule or deprecate. The teen-ager worries enough about how talented, attractive or capable he is. Don't ignore or be indifferent. Be interested even if you have to work at it. Don't minimize or deride adolescent feelings or emotions. Point out realistic factors about them. Don't nag. Make a point firmly and clearly, then drop it.

Couple liberty with responsibility.

POLICEMEN USE TEAR GAS, FIRE HOSES IN GHENT

By JOHN SWALENS
BRUSSELS, Belgium (AP)—Police used tear gas and fire hoses today to break up a demonstration in Ghent, Socialist union leaders promptly called for a general strike in Antwerp to retaliate.

It was the first use of tear gas in the eight-day strike aimed at toppling the government of Premier Gaston Eyskens. Strikers in Ghent were trying to force workers out of the fuel gas works administrative office.

Antwerp, lying in the Flemish northern section, has not been hit as hard by the strike which has paralyzed the Socialist strongholds in the industrial and French-speaking south.

HARBOR PARALYZED

The government had reported a back-to-work movement in Antwerp, except for workers at the big port installations. Harbor installations are still paralyzed.

If successful, the Antwerp call would spread the general strike to an important Flemish area, where many are Social Christians and back Eyskens, himself a Social Christian.

A mass demonstration of strikers was staged this morning in Brussels without incident. The capital itself appeared under virtual military siege. Policemen were camped in the central public park opposite Parliament and the royal palace, and in front of the opera house.

What Average Man Ate In '60

WASHINGTON (AP)—If you were an average American you consumed an estimated 1,488 pounds of food this year.

The Agriculture Department today broke that down this way:

414 pounds of dairy products, except butter.
409 pounds of fruits and vegetables.
108 pounds of potatoes.
178 pounds of meat, fish and poultry.
146 pounds of flour and cereal.
108 pounds of sugar and syrup.
67 pounds of butter, fats and oils.
41 pounds of eggs.
17 pounds of coffee, tea and cocoa.

SIX KILLED EVERY HOUR

CHICAGO (AP)—The nation's traffic accidents during the 78-hour Christmas weekend killed 488 persons—an average of one about every 10 minutes.

The final toll was below the pre-holiday estimate of 510 made by the National Safety Council. It was the lowest for a 3-day Christmas holiday since 1949 when 413 traffic deaths were reported and compared to last year's Christmas weekend total of 493 fatalities.

The council said this year's total compared with an expectation of as many as 330 on a non-holiday weekend of comparable length at this time of year. An Associated Press survey for a 78-hour weekend period earlier this month showed 293 traffic fatalities.

The council has estimated 340 persons may be killed in motor vehicle accidents during the New Year holiday weekend, also a 78-hour period, from 6 p. m. Friday to midnight Monday (local time).

TOKYO (AP)—Foreign Minister Chen Yi of Red China today asked the co-chairmen of the Geneva Conference on Indochina to take "energetic action and effective measures" to stop what he called U.S. aggression in Laos.

A letter was addressed to Foreign Minister Andrei A. Gromyko of the Soviet Union and Lord Home, British foreign secretary, said radio Peiping. They were delivered through embassies of the two countries in Peiping.

tary and part of the salary of another, various office supplies and equipment, etc.
County Civil Defense Chairman William G. Weaver met with the commissioners to outline the work of CD during the year and plans for the future. Weaver reported 200 cots and a \$1,400 generator secured for \$75 through federal surplus have been stored at the county home. He was told by the commissioners to secure other supplies as available "since we will have sufficient space at the present county home." Weaver said an application by the county for supplies for a 200-bed hospital through CD had been turned down because supplies had been exhausted before Adams County's turn came on the list, but said he has hopes such supplies can be obtained next year. He reported on a plan set up at the Warner Hospital for handling large numbers of casualties by which that hospital "could handle 1,500." He said he is stressing food, housing and hospitalization plans "because I believe if an emergency ever occurred Adams County would be sent injured refugees from cities more likely to be bombed."

Dr. Dooley, 33, the American jungle doctor of Laos, was stricken with cancer in 1959, and had been described as cured after surgery.

Recent tests in Hong Kong showed that he was suffering from a degeneration of the bone structure of the spine—not officially determined as cancerous.

Dr. Dooley, clad in pajamas beneath an overcoat, could only shuffle down a ramp at Idlewild Airport, where he was met by his brother, Malcolm, executive director of Medico, a non-profit medical organization founded by the doctor. The organization gives medical assistance to underdeveloped nations.

NEW YORK (AP)—A Harvard Law School professor, Archibald Cox, will serve as solicitor general in the Kennedy administration, the New York Times said today.

OFFICERS FOR FHA BANQUET ON WEDNESDAY

to the driver.

H. A. (Cappy) Thomson, state secretary of the state supervisor's association, in leading a general discussion, said that "anyone who advocates federal aid to the highway program should have his head examined."

Thomson asked the delegates: "Why should we send \$1 to Washington only to have 50 cents return to the state?" He added that Pennsylvania is a rich state, and "we would only be paying for other people's roads."

OPPOSES CITY LEAGUE

Thompson voiced strong opposition to the proposed "League of Cities." He said that group favors more federal spending for the middle and low income spending groups; a priority on construction of federal projects; an aid system in the cities; mass transit backing; national airports; new federal aid systems of highways; sewer systems; hospital development and economic development areas. All these, Thomson, added, would be paid for by the local citizen. He said that the local areas can raise the tax money the same as the federal government and "why have someone else do something we can do ourselves."

Thomson urged the delegates to oppose any legislation concerning the passing of these measures and urged opposition to the state association of boroughs, which has approved the program.

In the question and answer period it was disclosed that: Townships are exempt from federal gasoline tax but not from state gasoline tax; that life insurance is convertible after resignation or retirement from office; when the secretary of a board prepares tax duplicates, he is entitled to pay for his work; that no business may be conducted by board members outside of board meetings, and the meetings should be open to the public; that an auditor has the right to audit a justice of the peace's books; that a group insurance plan is available for all, except tax collectors' life insurance; that a wage tax can be levied and collected by the supervisors; that any number of delegates may attend a state convention but the group would have only one vote; and, that any head tax collected, if no agreement is made between the school board and supervisors in regard to the division, must be split 50-50.

Asked what was the difference between an ordinance and a resolution, Thomson said an ordinance provides a penalty for a violation, and an ordinance must be advertised before it can become effective. A resolution, he said, is effective at once and does not provide a penalty for disobedience.

A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

MORE BERCAW GENEALOGY

The historical and genealogical data pertaining to the Bercau (or Brokaw) family, of the Low Dutch Settlement of the Conewago, is continued at this time.

The synopsis of the will of Margaret Bercau, the widow of George Bercau, deceased, begun in this column last week, is concluded — as follows:—

4. "My daughter, Ann Magdalen, has as yet no children."

5. Two sons, Peter and George Bercau, were named executors of their mother's will.

From the above document it would seem that the Peter and George Bercau, who are buried in the "Upper" Low Dutch Graveyard, were the sons of George and Margaret Bercau. The parents, accompanied by their children, probably emigrated from New Jersey into what is now Adams County, Pennsylvania, with the first influx of Holland Dutch and French Huguenot immigrants. It is also logical to assume that George Bercau and his wife, Margaret Bercau, are buried in the same churchyard in graves that are now unmarked.

LATE SETTLEMENT

The estate of George Bercau, the son of George and Margaret Bercau, who died in 1819, was not finally settled until some six years after the death of his wife, Eleanor Bercau, in 1833. In the Orphans' Court records, on file in the local courthouse, is a petition requesting final settlement — as follows:—

"At an Orphans' Court held at Gettysburg, Adams County, Pennsylvania, the 25th day of November, A.D., 1839 — Heirs and legal representatives of George Bercau, Senior, deceased, to wit:— George Bercau (since deceased) who died leaving issue, whose names are unknown to the Petitioner, and upon whose estate Letters of Administration have been granted to James Cooper, Esq., Maria Bercau intermarried with Garret Vanarsdallen; Margaret Bercau intermarried with Isaac Monfort (the Petitioner); John Bercau, William Bercau and Abraham Bercau."

The "prayer" of Isaac Monfort was granted and the estate of his wife's parents was equally divided between all the "heirs at law."

Further genealogical data on the Bercau (or Brokaw) family is to be found in the files of the "Adams Sentinel" (later the "Star and Sentinel") — under the dates given.

11. Monday, September 2, 1833—

IDENTITY NOT CERTAIN

"Died, in Monroe County, Ohio, of cholera, on Saturday, August 17, 1833, Mr. Joshua Bercau, formerly of Adams County, Pennsylvania."

Note:—Due to the fact that the age of Joshua Bercau was not given in his obituary it is impossible to say whether he was a son of Peter and Amy (Coshun) Bercau, of the Low Dutch Settlement of the Conewago, or one of

the "twelve sons" of George and Margaret Bercau. Undoubtedly he was one or the other.

12. Friday, December 29, 1837—

WAS MARRIED TWICE

"Married, Thursday, December 28, 1837, by the Rev. Mr. Smith, Mr. Abraham Bercau to Miss Susan Prim, both of Hamiltonbann Township, this County."

Note:—Abraham Bercau was a son of George and Eleanor Bercau, of the Low Dutch Settlement of the Conewago. He is mentioned in his father's will.

13. Monday, March 16, 1840—

"Married, Thursday, March 12, 1840, by the Rev. Samuel Gutelius, Mr. Samuel Gutelius, Mr. Samuel Bercau to Miss Rebecca Mickley — both of Adams County, Pennsylvania."

Note:—Samuel Bercau was probably a son of Peter and Amy (Coshun) Bercau. At the present time there is no further information pertaining to this branch of the Bercau family.

14. Monday, March 12, 1849—

"Died, February 1849, in Sandusky County, Ohio, after a short illness, Mr. William Bercau, formerly of this County, aged about 60 years."

Note:—William Bercau was the son of George and Eleanor Bercau. Before leaving Adams County, Pennsylvania, William Bercau had twice married and both of his wives "died young." He apparently emigrated to the "West" after the death of his second wife in 1821.

15. Monday, November 11, 1850—

"Married, November 5, 1850, by the Rev. Mr. Sechler, Mr. Jacob Fetterhoff to Miss Margaret Bercau — both of Adams County, Pennsylvania."

Note:—The exact place of Margaret Bercau on the family tree is not known but undoubtedly she was a member of the Bercau family of the Low Dutch settlement.

16. Monday, August 4, 1851—

"Married, July 24, 1851, by the Rev. John Ulrich, Mr. David Bercau to Miss Margaret Eliza Snyder, both of Adams County, Pennsylvania."

Note:—Another unknown member of the Bercau family but, it is very possible that David Bercau was a grandson of either Peter or George Bercau, of the Low Dutch Settlement.

17. Monday, October 2, 1854—

"Married, September 23, 1854, by the Rev. Jacob Zeigler, of Gettysburg, this County, Mr. Enos Brown, of Hunterstown, this County, to Miss Elizabeth H. Bercau, of Mountjoy Township, this County."

Note:—Margaret H. Bercau was probably a grand-daughter of either Peter or George Bercau. It will be remembered that at least one branch of the Bercau family lives in Mountjoy Township, this County.

The genealogical notes on the Bercau family of the Low Dutch Settlement of the Conewago will be concluded in this column next week.
